When a retiree or dependent is enrolled in Part A and Part B of Medicare, they can enroll in any Blue Cross and Blue Shield of Kansas City (BCBSKC) or Coventry Advantra plan. However, if the Medicare member enrolls in an Advantra plan and another family member is not enrolled in Part A and Part B of Medicare, the other family member will have to enroll in one of the BCBSKC Plans to be covered on a City sponsored health plan. If all family members are enrolled in Part A and Part B of Medicare, they must enroll in the same health plan. If one member is enrolled in Advantra and the other is enrolled in a BCBSKC plan, and the BCBSKC member turns age 65 and enrolls in Part A and Part B of Medicare, both members must then enroll in the same plan, either the Advantra plan or the BCBSKC plan.
